The Michigan Professional Fire Fighters Union is recommending that you consider voting for these candidates that have been endorse by the MPFFU Executive Board.

Based on the questionnaires they completed, or their past history as an elected official, we determined that these are the candidates that we can rely on to support the work and labor issues that important to our active and retired members. We also believe that they will oppose those issues which would have a negative impact on our collective bargaining rights, our health care, and our pensions.

Please take the time to vote in person or by absentee ballot for the upcoming election on November 8, 2022.
